Enrollment at Circle Christian School

Encouraging Learning. This part of the mission at Circle Christian School is realized by offering a wide range of options to our students. Each family is able to individually address student academic needs while engaging in a supportive and inspiring school-wide community. Enrollment at CCS means your students are attending a private school. The academic office will record your student grades and curriculum and enrichment choices. High School students will benefit from Circle’s full-service Guidance Department including course planning conferences, scholarship recommendations, and standardized testing opportunities.

Enrollment is open from January 26 through June 25, 2015.

Lower School Program Offerings

What will allow your child to shine? Here is a side-by-side comparison of our Elementary Programs to help you better understand their unique qualities. Students must enroll in the full day. As always, every CCS program offers quality instruction and limited class size. Arts and other extracurricular classes are available as a stand-alone class at the end of the day. See schedule for details.
