

Permission Form for Release of Test Scores on Transcripts and College / Employment Applications

In order for college entrance exam scores (SAT, ACT, PSAT, PreACT) to be indicated on high school transcripts mailed with college applications or for other applications, students must give permission for the scores to be included. For students who are eligible and participate in a dual enrollment program, scores will be required for admission to the program and need to be indicated on the transcript.

At the time of the transcript request, the highest scores will be the ones shown on the transcript.

Even though the scores will be printed on the official transcript, colleges request that you authorize the college testing companies (College Board and ACT) to send official score reports to the college's admissions office.

If you give Circle Christian School permission to include your scores so that college application procedures will not be delayed, sign the statement below and return it to the CCS Academic Department.

I, _____, give Circle Christian School
(print student's name)

permission to release test scores on transcripts being sent on my behalf.

Student's Signature _____ Date: _____

Student's Social Security Number: _____

Parent's Signature _____ Date: _____
